LETTER OF APPRECIATION - PESTIMESH PEST CONTROL & HOSPITAL GRADE DISINFECTANT

East Coast Town Council (ECTC) wishes to express our sincere appreciation to Pestimesh Pest Control & Hospital Grade Disinfectant for their voluntary contribution to the community.

In May 2026, Pestimesh came forward to support ECTC in carrying out an enhanced disinfection exercise at Blk 216 Bedok Food Centre & Market, following the identification of a tuberculosis cluster in the vicinity. This was done voluntarily, at no cost to ECTC, as a show of support for the hawkers and residents of the East Coast community.

We commend Pestimesh for their professionalism, promptness, and community spirit in stepping forward during this period. Their contribution played a meaningful role in restoring a safe and hygienic environment at the centre ahead of its reopening.

ECTC is grateful for Pestimesh's support and would not hesitate to recommend them for their dedication to public health and community service.

Yours sincerely,

Lucas How
Executive Director
East Coast Town Council
